

# bon bébé

## Sizing

Newborn babies have specific needs. Our clothing is designed by layette specialists who know just what babies need to feel protected and comfortable. We design with the softest brushed cotton fibers and use comfortable silhouettes to protect baby's sensitive and delicate areas. Our super-soft layettes are generously sized to fit baby's growing body. This ensures baby has plenty of room to move, explore and grow.

Little ones are constantly learning and growing, and to do so they need periods of both activity and rest. Our products provide fit and comfort during times of activity. And their super-soft fabrics and cozy warmth help to ensure that your growing baby will get all the rest that's needed to stay happy and healthy. We know and love babies. So our clothes are designed with love, specifically for babies.
